Welcome House has served individuals with developmental disabilities in Northeast Ohio for over 40 years. We now serve over 200 individuals each and every day -- helping these special people live full and rewarding lives. We strive to create a supportive atmosphere in which residents develop independence and a sense of competence by experiencing success at home and in the community.

The Family Council Reverse Raffles have raised almost \$100,000 for Welcome House! Proceeds from this year's Reverse Raffle will go the Welcome House Vehicle Fund. This fund is designed to purchase accessible vehicles to meet the extensive transportation needs of our clients.

We hope you will join us for this fantastic event!
