<http://www.cuyahogalibrary.org/Branches/Independence.aspx>

Why: SIBLINGS play a unique role in the lives of individuals with intellectual and developmental disabilities, and while we have great gifts, information, stories and challenges to share, often we are isolated from one another. We invite all siblings to join us for an afternoon of information sharing and opportunity to meet one another.

Hosted By: Siblings Mary Nix and Joann Watterson

Speakers:

Barb Sapharas, Chair of the National Sibling Leadership Network, and Board Member of the Ohio SIBS will share more about these groups and the many resources it offers both online and off.
